

3D MARINE AIRCRAFT WING COMMANDING GENERAL'S GUIDANCE

SAFETY

We will accomplish our mission through sound management and accountability of the combat readiness of our units, personnel, equipment and fiscal resources.

- The **sincerity of our actions** shall promote safety. Clearly understanding the purpose of our actions and the value of all involved will enhance our awareness to safe practices and our adherence to proper procedures.
- We will operate with an attitude that cultivates a **mastery of the basics**. We will strictly adhere to our Core Values and do what is right.
- Operational Risk Management shall be embraced at **all levels** and exist for all activities, both on and off duty.
- All personnel are responsible to **intervene** if they witness improper actions that may result in injury to personnel or damage to equipment.
- **Leaders** shall evaluate the level of expertise necessary to safely accomplish the mission and enforce regulations in order to provide units the best opportunity for success.
- Safety will be a by-product of our **Operational Excellence**.

These actions shall be incorporated into all plans and actions so as to protect our most-valued asset, our people.

S. W. BUSBY
MAJOR GENERAL, U.S. MARINE CORPS
COMMANDING GENERAL, 3D MARINE AIRCRAFT WING
