

# Commander's Priorities

## VMM-163 Commanders Priorities

MAG/MAW tasking – professional administrative and operational excellence in execution. Mission readiness – operations, personnel, material.

- People – Manage, train, care, develop and lead your Marines at every level.
- Machines – Individual ownership and proper maintenance executed. The main effort of the squadron when we are not flying or preparing to fly is the maintenance department. Proper respect, care and investment for our machines and support equipment.
- Education – Personal and professional education across a wide array of subjects, not all work related.
- Enjoyment – Have fun! Develop your team, support one another, switch off and curate a balanced life.

## MAG-16 / 3dMAW Commanders Priorities

- Global Force Management – Deployment and Mission Readiness
- Force Design and Transition Management
- Wing Level Warfighting – Integration and development of systems
- Talent Management and Retention – Train, educate and mentor our force

Lieutenant Colonel David G. Batcheler

Personal Cell: 910-546-6554

Commanding Officer, Marine Medium Tiltrotor Squadron 163
